Subject: New Financial Intermediary Service - changes in banking conditions

This new service is being run as part of the existing Business Link operation. There are three functions of the service:

- * Identify and monitor those businesses which are suffering from disruptive changes in their banking terms and conditions.
- * Help from Business Link Advisers with a financial background for those businesses affected.
- * Intensive support and mediation between a business and its bank where such intervention is likely to achieve a positive and workable outcome for both parties.

Any business which has been negatively affected by changing banking conditions should call Business Link on 0845 600 9 006.
